

Dortmund University of Technology is a dynamic, research-orientated university with 17 faculties in the natural sciences, engineering, social sciences and cultural studies. On our international campus, around 6,700 employees make a daily contribution to solving pressing issues of the present and the future. Openness and diversity not only characterise our cooperation in research and teaching, but also in technology and administration.

Postdoctoral Research and Teaching Fellow

This position is to be filled at the Chair of **Work, Inclusion and Technology** of the Faculty of Rehabilitation Sciences as of March 1st 2025, initially for a fixed term of 3 years. There is a possibility of extension. The salary is in accordance with the salary regulations according to salary grade A 13 LBesG NRW or according to the collective bargaining regulations according to pay group 13 TV-L. If the requirements under civil service law are met, we will endeavour to recruit you as a temporary civil servant. This is a full-time position. Employment in or reduction to part-time is possible in principle.

YOUR TASKS:

- Qualitative/mixed-methods social research in the field of Computer Supported Cooperative Work (CSCW) focussing on issues of occupational inclusion and participation.
- Independent development/implementation/publication of interdisciplinary research projects on inclusive socio-technical work systems.
- Collaboration on project proposals of the department.
- Expansion/further development of our Hybrid Work Lab.
- Opportunity for further academic qualification.
- Involvement in teaching (4 SWS) and supervision of theses.
- Participation in university self-administration.

We promote diversity and equal opportunities. Convince us with your personality and expertise. Applications from women will be given preferential treatment in accordance with legal regulations. If you have a severe disability, please provide suitable documentation to prove this.

Prof Dr Frauke Mörike will be happy to answer any questions you may have on 0231/755-2941, e-mail: frauke.moerike@tu-dortmund.de

WE OFFER:

- an inclusive, fair, family-friendly and motivating working environment in a cooperative team.
- Opportunities for interdisciplinary research in base and applied research areas.
- An interdisciplinary field of research that deals with central questions of participation in the context of work and technology use.
- a wide range of opportunities for personal development.

YOUR QUALIFICATIONS:

- university degree in the field of Human Factors, Human-Computer Interaction, Ergonomics, Sociology of technology, Cultural Anthropology with a focus on technology/media or similar.
- Doctoral degree in the context of CSCW, Ergonomics, Human-Computer Interaction in the work environment, ideally with reference to inclusion.

IDEALLY YOU BRING:

- sound experience with ethnographic methods or methods of applied qualitative user research
- experience with digitisation-related research in the work context and/or with users from vulnerable groups.
- Motivation for collaborative thinking and discussion as well as an interest in the further development of the field

If you are interested, please apply by January 12th, 2025 with a cover letter, CV and references, quoting reference no. w59-24:
