

TU Dortmund University is a dynamic research-oriented university with 17 departments in the natural and engineering sciences as well as social and cultural sciences. On our international campus, around 6,700 employees make a daily contribution to solving pressing questions of the present and the future. Openness and diversity characterize not only the collaboration in research and teaching, but also in technology and administration.

Scientific employees

At the Center for Research on Education and School Development (IFS) at the Department of Educational Science and Psychology, three positions are to be filled from October 2022 for an initial period of three years each. Remuneration will be paid in accordance with the German collective wage agreement in pay group TV-L 13. These are part-time positions with a scope of 65%. There is the possibility of doing a PhD.

YOUR TASKS:

- Scientific work in research projects of the lab
- Content-related and organizational work in the planning, implementation and evaluation of research studies of the lab
- Participation in scientific publications in scientific journals and presentation at national and international conferences
- Participation in academic self-governance
- Teaching to the extent of 2,6 SWS (semester hours)

The positions are based in the research group of Dr. Charlotte Dignath and the Emmy-Noether group SeLFI Lab (<http://www.selfilab.com/>) located at the IFS (<https://ifs.ep.tu-dortmund.de/forschung/ag-dignath/>). The advertised positions will be involved in intervention research with learners (primary school age), students with learning and attention difficulties, as well as with students and teachers to promote individual learning processes.

WHAT WE OFFER:

- A strong scientific team and international network
- Comprehensive exchange formats in the lab and at the institute
- Diverse scientific and personal development and training opportunities
- An interdisciplinary promotion program to support young scientists
- The possibility of flexible arrangements of working conditions

YOUR QUALIFICATION:

- Very good university degree in psychology, empirical educational research, or a comparable quantitative field.

YOUR IDEAL PROFILE:

- Interest in the conception and coordination of research projects in the field of empirical educational research or educational psychology
- Very good knowledge of quantitative research methodology and willingness to develop this further
- Willingness to engage in active interdisciplinary and international collaboration and interest in participating in national and international scientific exchange
- Commitment, good work organizational skills as well as ability to work in a team
- Very good knowledge of German and English, both written and spoken

We promote diversity and equal opportunities. Convince us with your personality and expertise.

Applications from women will be given preferential treatment in accordance with the statutory regulations. It is pointed out that the application of suitable severely disabled persons is desired.

Are you interested? Then please send us your application by October 5th, 2022, including motivation letter, CV, certificates and details of your research interests quoting reference number w72-22 to:

TU Dortmund University
Center for Research on Education and School Development
Dr. Charlotte Dignath
Vogelpothsweg 78
44227 Dortmund
