

With 6,300 employees in research, teaching and administration and its unique profile, TU Dortmund University shapes prospects for the future: the interaction between engineering and natural sciences as well as social and cultural studies drives both technological innovations and progress in knowledge and methodology. It is not only the roughly 34,300 students who benefit from this.

The Department of Computer Science at TU Dortmund University is one of the largest in Germany, with particular strengths in research. Among similar institutions it is distinguished by a combination of fundamental research on formal methods with the development of practical applications. Research focuses on Algorithmics, Data Science, Cyber-Physical Systems, and Software and Service Engineering.

The Department of Computer Science at TU Dortmund University is seeking to fill the position of a

## Professor (W2) in “Computer Networks and Distributed Systems”

commencing as soon as possible. The successful candidate will represent the field of “Computer Networks and Distributed Systems” in research and teaching.

TU Dortmund University is looking for an outstanding individual and established scientist holding a distinguished PhD and with a strong scientific background in several areas of Computer Networks and Distributed Systems with relevant international publications in recognized venues, including those with peer-review. Possible research areas are “Network Architectures and Protocols”, “Software Defined Networks and Virtualization”, “Mobile and Ad-Hoc Networks”, “Security of Networks”, “Dependability and Performance of Networks”, “Middleware and Software Platforms for Networked Systems” and “Cloud and Fog Computing”.

Applicants should complement the research activities of the Department and contribute to interdisciplinary collaborative research projects within and outside TU Dortmund University. Commitment to the acquisition of third-party funds is expected.

An adequate contribution to the department’s curriculum in German language is expected.

The successful candidate will possess social and leadership skills and be willing to be involved in academic self-governance.

The recruitment requirements are based on § 36 and § 37 HG NRW (law governing universities in NRW).

TU Dortmund University strives to increase the number of women in academic research and teaching and therefore strongly encourages women to apply.

TU Dortmund University is an equal opportunity employer and gives preference to candidates with disabilities if equally qualified.

TU Dortmund University supports the compatibility of work and family life and promotes gender equality in science.

**Please send your application, including the usual documents (CV, list of publications, certificates etc.), preferably by e-mail (in one pdf-file) to the following address by 15.04.2020**
