

With 6,300 employees in research, teaching and administration and its unique profile, TU Dortmund University shapes prospects for the future: the interaction between engineering and natural sciences as well as social and cultural studies drives both technological innovations and progress in knowledge and methodology. It is not only the roughly 34,300 students who benefit from this.

With around 1,300 students and 16 professorships, the Faculty of Spatial Planning is one of the largest educational institutions for spatial planning in Europe. The faculty's scholars follow an interdisciplinary research and teaching concept.

The Faculty of Spatial Planning at TU Dortmund University is seeking to fill the position of a

Professor (W3) in “Transport Planning“

commencing as soon as possible. The successful candidate will specialize in research and teaching in the field of “Transport Planning”.

TU Dortmund University is seeking an outstanding individual who has a proven scientific record in at least one of the areas of integrated transport planning, development of transport and mobility systems, mobility research, sustainable transformation of transport and urban logistics with relevant publications in internationally recognized journals, including those with peer review. Experience in the acquisition of third-party funds is required.

Applicants should complement the research activities of the Faculty of Spatial Planning and contribute to collaborative research projects within and outside TU Dortmund University.

An appropriate contribution to the faculty's curriculum as well as the willingness to support study projects – in the medium term also in German – are expected.

The successful candidate will possess social and leadership skills and be willing to be involved in academic self-governance as well as in participating in the implementation of equality objectives.

The recruitment requirements are based on § 36 and § 37 HG NRW (law governing universities in NRW).

TU Dortmund University strives to increase the number of women in academic research and teaching and therefore explicitly encourages women to apply.

TU Dortmund University is an equal opportunity employer and gives preference to candidates with disabilities if equally qualified.

TU Dortmund University supports the compatibility of work and family life and promotes gender equality in science.

Please send your application, including the usual documents (CV, list of publications, certificates, etc.) by e-mail (preferred, in one pdf-file) to the following address by 09.09.2020
